Congratulations!

You've purchased the finest streaming network player available today. The SNP-1 is a native to the network, CD quality digital music streaming player which can be controlled with URC remotes and keypads.

The SNP-1 streams a single music source from internet radio stations such as Pandora, Rhapsody, SiriusXM and also your home network computer using DLNA. Listen to music over the network to a DMS distribution amplifier system or locally to an AV receiver or television. Add extra SNP-1's throughout the home for each music lover. All you need is a DMS amplifier connected to the network to listen to internet music sources.
